

# NEW! Eco-Friendly and Biodegradable Overshoes

*You may spend a bit more  
but it won't cost  
the earth!*

## IPS Overshoes

We can all do our bit for the environment so why not 'Go Green' with our **ECO-FRIENDLY** Overshoes. Made from **Oxo-biodegradable plastic**, they are **FULLY RECYCLABLE** as part of your normal plastic waste management. However, if recycling is not an option, the material not only fragments - it **BIODEGRADES** naturally instead of accumulating in the environment, whether by composting or in landfill and does not generate methane.

Overshoes are part of our expanding range of Ecological PPE products.
